OFFICE 1042 M^2 | TECHNOPOLIS HERMIA

A versatile 1,042 m² office space in the modern Hermia 15 building in Hervanta, Tampere.

The space is located on the top floor of the building and is bright thanks to its large windows. It offers excellent views. In addition to office work, the space provides an excellent environment for electronics, product development, testing, and prototyping, among other operations. The space is equipped with solutions designed to support technical work, such as a fume hood with local exhaust ventilation, local exhaust ventilation for the soldering station and 3D printing station, and an ESD-protected floor. Privacy has been ensured through partially privacy-screened exterior windows and, for example, privacy-screened glass walls in the meeting rooms.

The space can be flexibly adapted to the client's needs, and it can also be divided into smaller sections if necessary.

A comprehensive range of services on the Hermia campus makes everyday life easier: high-quality reception service, popular lunch restaurants, versatile meeting rooms, and a well-equipped gym. The property's ample parking options and excellent public transportation connections make the location easily accessible for both staff and visitors. Come explore the space and find the perfect solution for your business!

Technopolis Hermia

Looking for a new home base? Let’s find an office space solution that works for you.

Office spaces with excellent transportation connections

You can find Technopolis Hermia in the science and research area of Hervanta, just 9 kilometers from Tampere city center. The campus is home to 80 satisfied customers from diverse fields, including technology, consulting, and ICT.

In addition to innovation-focused companies, organizations with mobile employees benefit from the Hermia campus’s easily accessible location. You can arrive by car, with no traffic jams on the way, and there are excellent public transportation connections, including a tram stop right in front of the campus.

We’ll adapt to your needs

Our office spaces can be tailored to your needs: to support hybrid work, be fully customized to meet your company’s specific requirements, or even accommodate demanding spaces such as laboratories and production facilities. Our in-house design team is at your service.

For smaller teams of up to 10 people, Technopolis Hermia offers two HUB areas with a total of 50 smaller offices and shared services.

Service highlights

The all-inclusive services make your life at the campus smooth. The range of services includes two friendly receptions, functional meeting rooms, a well-equipped gym, and great parking facilities. You’ll also get dedicated services for your own office space such as cleaning.

The two restaurants on campus, Hertta and Orvokki, serve delicious lunches and provide catering services.
