TECHNOPOLIS FORNEBU – FLEXIBLE OFFICE SPACE AND EXCEPTIONAL SERVICE

Whether you're part of an SME or large company, Technopolis Fornebu offers the kind of flexibility and services that will help your business to grow. With 70,000 sqm of office space and three different buildings on campus – Terminal, Portal and Profile – there's always a vibrant atmosphere and plenty of opportunities to network.

Upon visiting Technopolis Fornebu, the first thing you will notice is the historic Terminal building. Previously an arrivals and departure lounge at the old Oslo airport, the building has maintained its original architecture and part of the airport's interior design.

From our campus you will also find Technopolis HUB, an office area for small teams with private offices and shared services. HUB Fornebu will consist of 21 smaller modern offices which are suitable for 1–8 persons.

If you fancy something good to eat, there are three exciting and modern restaurants to choose from. Transit serves tasty dishes inspired by Street Food. Expedisjon offers well-known and beloved dishes, preferably with a twist. Both of these restaurants also offer a rich salad buffet, yoghurt bar and freshly made sandwiches. Bowl Bar, on the other hand, is the right place if you fancy something tempting from Asia, for example a Bowl, Ramen or a wok. If you're on the go, you can also stop in our Italian-inspired coffee shop Espresso and grab a slice of pizza, toast, a freshly baked pastry, a refreshing smoothie or a cup of coffee in hand.

Other features of Technopolis Fornebu include a lounge area, gym, and coffee shop. There is also a large parking lot that is complete with 70 chargers for electric vehicles.

Technopolis uses 100 % carbon-neutral certified electricity on Fornebu campus. Profil building also holds a BREEAM certification for its environmental and sustainability performance. Read more about Technopolis' sustainability.
