You can find flexible office space and thousands of interconnected professionals at Technopolis Linnanmaa. The campus is home to 250 companies, 30 Technopolis properties, and the equivalent of 20 football fields in office space. As well as the selection of meeting rooms and auditoriums that are on campus, there are also six restaurants of different sizes, three sauna departments, and the Ideapark Oulu shopping center nearby. From our campus you will also find a small office area, Technopolis HUB, which consists of 84 smaller offices for teams of up to 12 people.

Around 6,000 professionals from all kinds of industries work at Technopolis Linnanmaa, which makes it a great place to be if you want to network and make lasting connections. The campus is next to Oulu University and just 10 minutes from the city center by car, as well as being easily accessible by public transport.

When visiting Linnanmaa, you will find yourself at the beginning of the Technopolis story. The original campus was built in the early 1980s after being inspired by Silicon Valley, and it went on to become one of the first technology villages in the world. Since then, most of the campus has been renovated and an extension was added in 2000.

The Linnanmaa campus is fully carbon-neutral in all energy consumption and some of the buildings on campus also hold international LEED certificates for energy and environmental conduct. Read more about Technopolis' sustainability.
